Observe the number chart given below. Colour the odd numbers with green and even numbers with blue.

201	202	203	204	205	206	207	208	209	210
211	212	213	214	215	216	217	218	219	220
221	222	223	224	225	226	227	228	229	230
231	232	233	234	235	236	237	238	239	240
241	242	243	244	245	246	247	248	249	250
251	252	253	254	255	256	257	258	259	260
261	262	263	264	265	266	267	268	269	270
271	272	273	274	275	276	277	278	279	280
281	282	283	284	285	286	287	288	289	290
291	292	293	294	295	296	297	298	299	300

We observe that odd and even numbers occur alternatively.

Complete the patterns :

i) 21, 22, 23, ____, ____, ____, ____, ____.

ii) 1, 3, 5 ____, ____, ____, ____, ____.

iii) 2, 4, 6 ____, ____, ____, ____, ____.

iv) 85, 86, 87, 88, ____, ____, ____, ____, ____,.

v) 39, 41, 43, ____, ____, ____, ____, ____,.

Let's explore patterns while adding and subtracting odd and even numbers.

Add the following numbers:

i)

2 2	even
+3 2	even
____	even

ii)

7 3	
+8 5	
____	

iii)

7 5 5	
+2 8 6	
____
