Activity

Discuss with your friends and draw the map of your classroom.

5.2 Mark routes for the given locations.

Given below is a map of a town showing some important places/ landmarks.
Divya wants to go to library. One of the ways to reach the library from her house is shown below.

Observe the map and answer the following questions.

1. Name the location she passed in the given route.
2. From the library, Divya needs to reach pharmacy. Trace the path and name the landmarks between library and pharmacy.
3. Trace another route from Divya's house to reach library.
4. Mention any two places between museum and park.
