6. How many litres are needed for filing the given containers. Complete the table by measuring the containers by one litre bottle.

Bottle	_____ 1 litre bottles
Bucket	_____ 1 litre bottles
Pot	_____ 1 litre bottles

Activity

Take a 1 litre bottle and a tumbler fill the bottle using it.
How many times did you use the tumbler for filling the bottle ?

Repeat the same activity using different containers (Cups, tumblers, bottles) and record you findings.

1. Which container was used twice?
2. Which container was used four times?
