Let Us Connect

Match these animals with their homes.

Honeybee

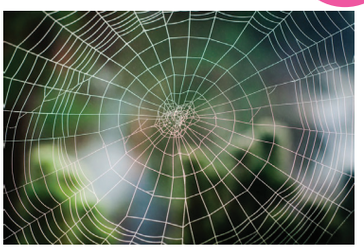

Spider

Lion

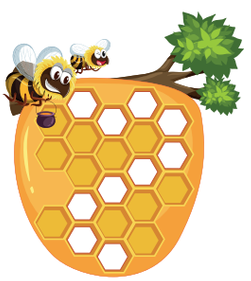

Fish

Bird

Earthworm

II. How do animals get their foods?

Write the foods of given animals using the following words.

(Carrot, Deer, Milk, Grass, Grains)

....

Think and share. Why should animals get food?

Animals cannot make their own food. They depend on plants or other plant-eating animals for their food. They move in search of food.
