UNIT 1

Living and Non-living Things

Learning Objectives

The learner should be able to -

25UGTS

I am Harini.
I have a puppy.
I call him Jimmy.
I give him food to eat.
He eats it quickly.
I play with him.
He jumps on me.
I love him very much.

I have a doll.
I call my doll Ammu.
I try to feed it.
It does not eat or drink.
It moves only when I wind the key.
I like my doll.

Harini wondered why her puppy ate food but her doll did not?
Do you know why? Let us find out.
