Preface

The English Language textbook has been designed to enable a fun-filled and engaging experience in learning the language. The approach allows for plenty of practice in the four language skills. It focuses on structure practice and vocabulary enrichment through a variety of language learning activities. These activities evoke interest and engaged practice in the language and thus lead to retention.

As per NCF 2005, language is learnt when it is taught with exposure in meaningful context rather than as a subject. In accordance with this, the textbook has been drafted with themes related or familiar to children. The units provide space for effective individual and pair work and thus allows the teacher to focus on time management in multi-level classrooms.

How to use the book

- The first term English Book for Standard I has three units.
- Each unit is planned **for a month**.
- The characters **Valli and her pet Chittu** introduce the theme of each unit.
- Each unit is designed around **child friendly themes** namely pets, play and family.

Unit – 1

- Any language learning is meaningful, when it is put into a familiar and personalized context.
- Children like to keep dogs, cats, birds, kids etc., as **pets**. In this unit, Valli along with her pet Chittu explores the names of things she finds on her way.
- The teacher should encourage the children to **talk about their pets** and what their pets do.

Unit-2

- Children love to play. In this unit, children will enjoy their favourite animals playing games.
- The **comic strip**, helps children explore and talk about various games played by the animals. Teachers should encourage and lead the conversation.
- The teacher could take this opportunity to highlight the value of **inclusion** among children as characterized by the rat in the story.
- Colours are explored in a fun story which will appeal to children.
