Practice

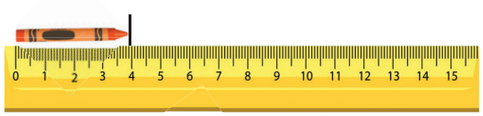

Tick (✓) the appropriate unit to measure the following objects.

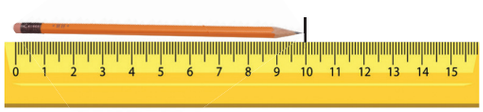

Object	Metre	Centimetre
		
		
		
		
		

Learn

Measuring length

Let us learn to measure the length of the objects using scale.

Teacher's Note:

Teacher should encourge children to count the centimetre. The object can be kept at different value say 3cm or 5cm instead of 0 to ensure the children count and right the length of the object.
