Practice

Observe the picture in previous page and write the length of the objects. One is done for you.

Length of the comb is 12 cm.

Length of the straw is ___ cm.

Length of the pencil is ___ cm.

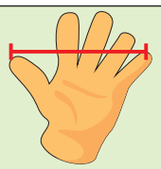

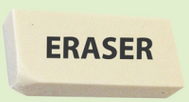

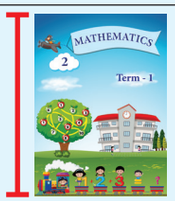

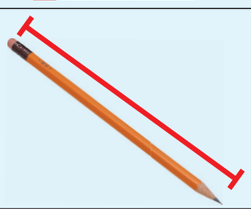

Length of the crayon is ___ cm.

MIY7FK

Activity

Fill in the boxes by measuring the length of the objects using handspan, eraser and centimetre scale.

Objects to be measured			
			
			
			

Teacher's Note:

i. Teacher can make the students to measure various objects in the surrounding by guessing and by actual measurement.

ii. Enable the students to appreciate the need for standard tool for measuring length.
