Try This

- Sathya has a pencil, a blue pen and a black Pen.
- She likes to gift two out of these three things to her friend.
- Find all the possible ways to place them in the gift box.

6.2 Selection

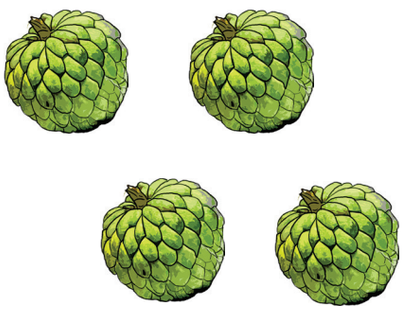

Learn

Selection of two numbers

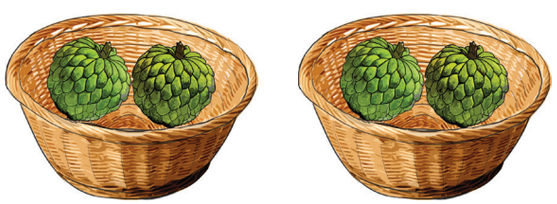

Let us see the possible ways of keeping 4 custard apples in two baskets.

Keywords

Selection

One of the ways is shown here.

Number of ways	Number of fruits	
		
Way 1	0	4
Way 2	1	3
Way 3	2	2
Way 4	3	1
Way 5	4	0

Teacher's Note:

Teacher may extend the activity by varying the number of objects and encourage the students to find all the possible ways.
