Race between Healthy Food and Junk Food

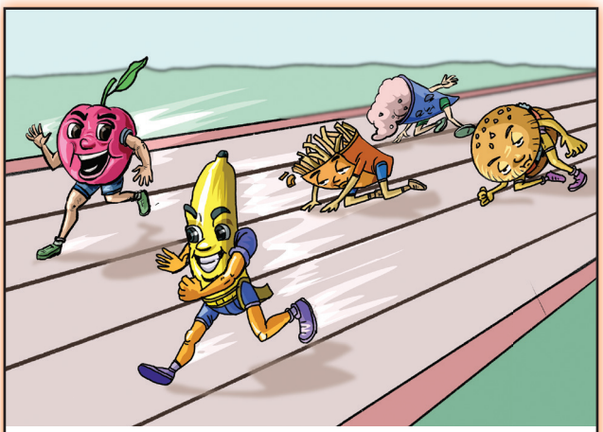

3H6UF6

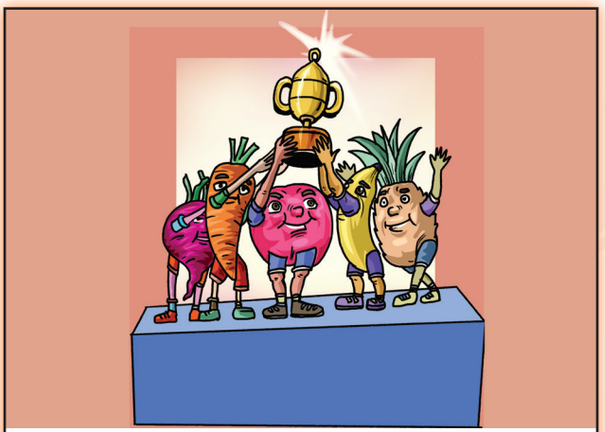

The race starts

Both teams run fast

The Junk Food team gets tired and slows down

The Healthy Food team wins the cup

Grandpa: "Nila, some food items taste nice but do not keep us healthy. They make us put on weight and cause harm to our body. They are called Junk Food. Some food items help us grow and keep us fit and strong. They are called Healthy Food. So, eat healthy, stay energetic!"

Nila: Grandpa, "Now I understand. Henceforth I will eat healthy food".

Eating carrots improves our eyesight and prevents night blindness.
