Preface

This English Language textbook has been designed to enable a fun filled and engaging experience in learning the language. The approach allows for plenty of practice in the four language skills. It focuses on structure practice and vocabulary enrichment through a variety of language learning activities. These activities evoke interest and engaged practice in the language and thus lead to retention.

As per NCF 2005, language is learnt effectively when it is taught with exposure in meaningful context rather than as a subject. In accordance with this, the textbook has been drafted with themes related or familiar to children. The units provide space for effective individual and pair work and thus allow the teachers to focus on time management in multi - level classrooms.

How to use the book

- The Term-I English Book for Standard II has three units.
- Each unit is planned for a month.
- The characters, Valli and her pet Chittu introduce each unit.
- Each unit is designed around life-oriented themes namely Our home, Our body parts and Our feelings.

Each unit starts with a colourful and pictorial warm up page.

Let us recall helps children to recollect their previous learning and connect it to the new content.

Look and Say pages can be used to develop vocabulary and speaking skill.

The sounds of the letters are taught through phonics.

Word wall can be used to learn sight words and phonic words in each lesson.

Circle time provides opportunity for the teachers to teach the language structures through games and activities. It develops listening and speaking skills.

Let us know provides scope for teaching grammar in a context. The dialogue between Valli and Chittu helps to learn grammar concepts inductively.

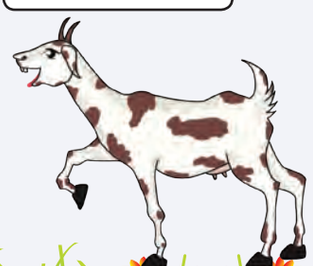

Let us read is a self reading text which is designed only with the sight words and phonic words that children have learnt already. It caters to develop fluency independently among children.

Let us practise develops reading and writing in children.

The activities in Think Zone can be used for promoting higher order thinking.

Let us understand is designed with exercises grading from simple to challenging tasks for comprehension of the content.
