

Let us know

A7JLMQ

Valli and Chittu are very good friends.
Today they are counting the things they have.

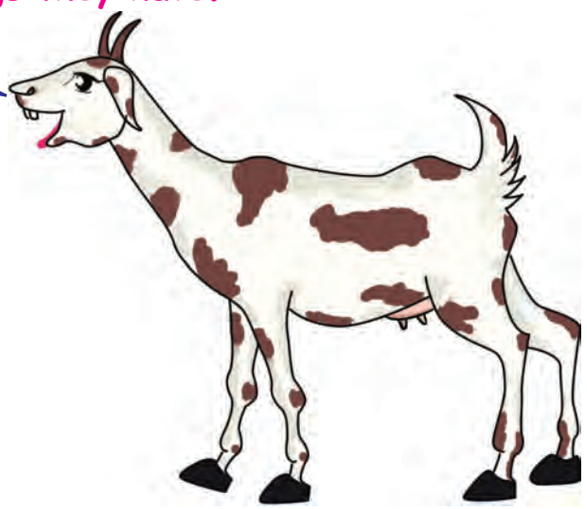

I have ...

one banana.

one cap.

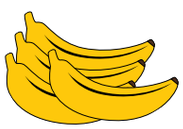

one toy.

I have ...

four banana**s**.

two cap**s**.

three toy**s**.

Chittu: Why do you add '**s**' with your words?

Valli: I have more than one of each.

Note to the teacher: Explain to children that we add '*s*' to a noun to make it more than one.
