1.4.2 Let us know how to help them

Helping people is very honourable, and there are plenty of ways by which we can help differently-abled people.

- Ask first if they need any help from you and follow their lead.
- Speak clearly and listen to their words well.
- Use direct words.
- Never tease them by calling with specific names.
- Be aware of their personal aids, do not cause any damage to the aids.

Your simple acts can be helpful to them.

* opening doors for the disabled.
* making way for them.
* bring them to cross the road.
* treat them as normal people.

By doing these you can exhibit that you want to help the differently-abled.

We do not use the word 'handicapped or disabled'. We use 'differently-abled'

Let Us Discuss
