

Landforms of Tamil Nadu

- The five types of landforms in Sangam Age were divided on the basis of the work done by the people.
- Out of the five thinais, only four types were permanent. They were Kurinji, Mullai, Marutham and Neithal. The fifth land Palai was formed when Kurinji and Mullai dried up.

I. Mountains (Kurinji Land)

A mountain is a large geographical area that rises above the surrounding land with peaks.

The mountain and its surroundings are known as Kurinji land.
