Activity

Ask the students to take a ribbon and cut it as half, half into one fourth, and join one half and one fourth to make three fourth. At last join all portion, its make whole.

Can we do this?

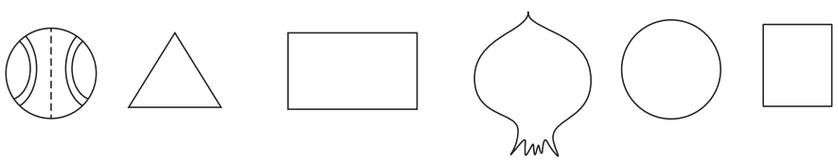

Half into a whole

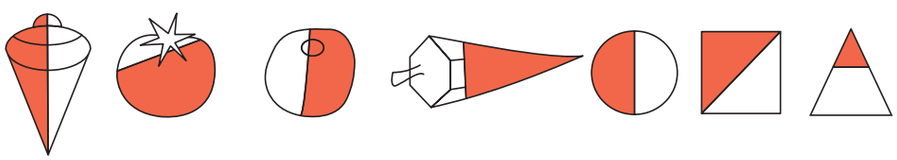

The above pictures are divided into two equal parts. Every parts represents half (or) semi. So we call it as half (or) semi.

Exercise 6.4

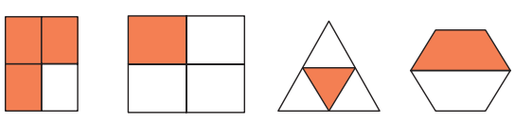

I. Colour or shade half portion of the following pictures:

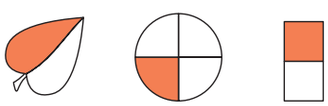

II. Tick the picture that represent semi portion.

III. Write appropriately which represent half, quarter, three fourth.
