Sure. The four major child rights are:

1. Right to survival
2. Right to development
3. Right to protection
4. Right to participation

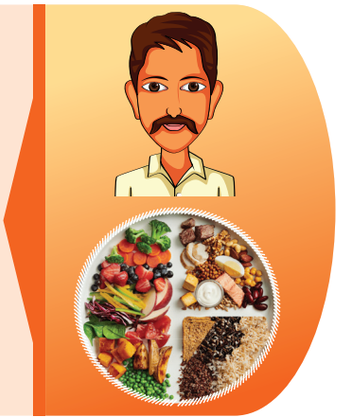

RIGHT TO SURVIVAL

Appa, can you explain about right to survival?

It is to ensure every child has access to minimum standards of food. This helps in healthy growth in all children. There are different rights for children below the age of 6 and between the age of 6-14 years. This is because both the age groups have different needs for their growth and development.

Very interesting. What else is a part of right to survival?

The WASH programme is also a part of it. Have you heard of it?

WASH? What happens in that program Appa?
