Conversion of rupees into pasie.

This conversion is useful while you are bargaining in the vegetable shop and so on.

To convert rupees into paise, multiply the rupees by 100.

EXAMPLE 1

Convert ₹ 2 into paise

₹ 1 = 100 paise

So ₹ 2 = 2 x 100 = 200 paise

EXAMPLE 2

Convert ₹ 8.50 into paise

₹ 1 = 100 paise

8 is in rupees and 50 is in paise.

So we multiply by ₹ 8 with 100 and add 50 paise.

$\therefore$ ₹ 8.50 = 8 × 100 + 50

= 800 paise + 50 paise

= 850 paise

EXAMPLE 3

Ravi's father went to the shop and bought 1 kg of dhal for ₹ 38.70. Convert the cost of dhal into paise.

Cost of 1 kg dhal = ₹ 38.70

₹ 38.70 = 38 × 100 paise + 70 paise

= 3800 paise + 70 paise

Cost of dhal = 3870 paise.
